An Investigative Perspective of Stalking

Stalking is defined as a pattern of unwanted and persistent attention or contact by an individual that causes fear, distress, or anxiety.

About Us

Since 2000, BCSI Investigations Inc. has performed thousands of successful investigations. Our integrated team of investigators and support services ensure that the investigations are conducted promptly

While it may initially seem like a series of "innocent" actions—such as repeated phone calls, unexpected visits, or constant messaging—stalking becomes dangerous when these behaviors are sustained, invasive, and meant to intimidate, control, or monitor a victim's life.

Stalking isn't just an invasion of privacy—it's an assault on one's sense of security and freedom. Many victims are left feeling helpless, as their stalkers continue to evade legal consequences, exploiting loopholes in the law or remaining just outside the boundaries of criminal prosecution.

Undercover operations and covert investigations can be life-

with leading-edge techniques.

With over 40 years of combined experience, BCSI Investigations Inc. is the platinum standard for private investigations.

changing for stalking victims. Investigators often act as the unseen hand of justice, collecting critical evidence that can lead to legal protection or prosecution. By documenting stalking behavior, identifying patterns, and exposing the tactics used, investigators give victims the opportunity to regain control of their lives.

How to Protect Yourself from Stalking

Document Everything: Keep a record of every interaction, log phone calls, messages, unexpected visits, and any suspicious behaviors.

Secure Your Digital Life: Regularly update passwords, enable two-factor authentication, and consider a security audit on your devices.

Trust Your Instincts: Don't dismiss your gut feelings about someone's behavior.

Seek Help: Reach out to authorities, support groups, or a private investigator if you believe you are being stalked.

Stay informed, stay vigilant, and know that with the right support, it is possible to break free from the grip of a stalker and reclaim your life.
